# EDITORS' COMMENT

This year, ECHOES' hard working staff tried to make as good a yearbook as possible for the students. In presenting you with all the facts of the past school year we are using the theme of radio. We feel that this theme will bring to you all the activities, undertakings, and events of the past school year.

They have been covered both pictorially and verbally as completely as was possible. We have done our best and it is our sincere hope that you will find this book a visible picture of the last year. We hope it will recall in the years to come the many wonderful experiences New Trier has to offer.

You're really & hotsa' lock,

# ADMINISTRATION

Today the New Trier Broadcasting Company brings to you the radio audience a most unusual and interesting feature. We are on the scene of the dedication of a new building. This is a most momentous occasion and the ceremony is being attended by many important people. Ah, who is that lovely lady who is causing such a sensation in the crowd? Why, it's Miss Helen Maloney, the omnipotent Dean of Girls. We certainly have a big crowd here today. Joining the elite is Mr. Kahler with his usual fond following of boys, of whom he is Dean. And here is Mr. Frisbie, Associate Dean. A murmur is going through the assemblage. The renowned superintendent of the high school is stepping out of his limousine. Just a moment, folks, our traveling interviewer is trying to get him to say a few words.

"I suppose you and your associates, Mr. Jarchow, president of the board, and Mr. Cutler, Mr. Hales, Mr. Kohler, and Mrs. Williams, the school board, are happy to see how well the new building turned out."

"Yes. I also wish to express my thanks to Mr. Brown, Business Manager and Assistant Superintendent; Mr. Herron, Registrar and Office Supervisor, and Mr. Bieseemeier, Superintendent of Buildings and Grounds, for the wonderful job they have done this year."

# ENGLISH-SPEECH DRAMA

Special Bulletin! The ferocious Giant of the Earth has just escaped and is menacing the lives of all Junior English students. Sheriff Hutchins has issued an alarm for all English students to be on the lookout. Considering the number of objectives, we predicate that if he is not subjected to captivity immediately, his run-on attack will cause many dangling participles and split infinitives among the student body. A straight "A" reward is being offered!

We are broadcasting tonight from the New Trier auditorium where we are anxiously waiting for the curtain to rise on the last of the four plays given each year by the drama department. This is opening night, ladies and gentlemen, and I believe we will see a full house. The people are coming in steadily and the ushers are busy leading them to their seats. While the audience is looking at its programs, I will tell you something about the drama courses offered here at New Trier. Students may elect courses in Dramatics, Voice and Diction, Radio Acting and Announcing, Public Speaking, and others. All students may try out for a play whether they are taking courses in dramatics or not. The house lights are now dimming and the play begins.

# MATHEMATICS

Flash! A letter recently received from Dean B. A. Thresher of Massachusetts Institute of Technology, Cambridge, Massachusetts, says that because of the excellent record made by New Trier High School graduates at the Institute, the committee on admissions will waive the usual entrance test requirements for New Trier students who are in the highest fifth of the class, and who are recommended for admission. This progress is due to the aggressiveness of Mr. Snyder and his department in maintaining high standards. New Trier students and their parents are realizing more and more the necessity of a strong foundation in mathematics as preparation for either college or business.

Although at New Trier no mathematics courses are required for high school graduation, two years of math are advised for all. The freshmen can take General Math or Algebra; the sophomores, Plane Geometry or General Math, and the juniors can take third year Algebra. The more advanced courses offered are Solid Geometry, Trigonometry, and College Algebra. All of these are one semester courses. Slide rule is offered as a minor the second semester, and the classes meet once a week.

New Trier mathematics students are popular with college and university supervisors because of their excellent preparation for college mathematics.

Flash! Word has been received that more students are participating in the industrial arts program than ever before. Mr. Bieseemeier reports that the boys in the classes are receiving an excellent background for all work pertaining to mechanics.

# SOCIAL STUDIES

Today's presentation of the program "You Will Be There" is sponsored by the Social Studies Department, headed by Mr. Shearer. The purpose of this series is to show to the American youth the responsibilities that they will have when they become adult citizens. We expect to increase enthusiasm for history classes, and even show that "History can be fun." You will see the value of the various courses offered. For instance; the freshman course, English-Science-History, integrates History with English and Science, and the sophomore course, English-Social Studies, integrates English with Modern History. United States History acquaints us with our own country. This is just an inkling of what can be learned in the Social Studies Department. There are also courses which acquaint the students with the fields of government, economics, and sociology. Next week our program will be entitled, "You'd Better Be There."

# HOME ECONOMICS

Good morning, ladies. This is your NTBC reporter broadcasting from the Home Economics Department, bringing you this special edition of "Household Hints for Haggard Housewives." We now switch you to Betty Cookwell, who will conduct this morning's talk.

"Ladies, is your house a mess? Does your husband get suddenly ill after eating your cooking? Does your house look like a morgue? Are you broke because of unwise buying? Well, then, ladies, you really should visit New Trier's Home Economics Department. Under the capable direction of Mrs. Lighter, students are getting excellent instruction in four different courses: Foods, Clothing, Interior Decoration, and Consumer Education. They also are getting practical experience in these fields. Yes, ladies, you can be sure that these students will succeed, whether they take up home economics as a career or just manage their own homes."

# SCIENCE

# COMMERCE

Ah, there's bad news tonight! Word has just been received that Russia has the atom bomb. More and more physicists will be needed. But cheer up. Mr. Windoes is certain that New Trier's Science Department will meet the emergency. Even though he hasn't been turning out as many nuclear physicists as he would like, many extraordinary chemists and biologists are being produced. It is certain that Russia's scientists could never discover the secrets hidden in the depths of the science students' unconscious minds, so there is no cause for panic. Remember also that some of the chemistry students have become efficient enough to blow the school up. It is only logical, then, that they would have no trouble doing the same for the enemy. In the meantime, all the Science IV students are learning how to produce better citizens for America. In closing, I will only say, more power to the Science Department!

Be sure to see that great dramatic presentation, "Birth of a Salesman," now being presented by the members of the New Trier Commerce Department. Produced and directed by Mr. Rau, it depicts the struggles of Lillie Woeman along the road to salesmanship. Book-keeping, typing, and shorthand are only three of the obstacles Lillie overcomes to emerge as a successful salesman. Don't miss this great comedy.

# FOREIGN LANGUAGE

We now bring you "Doctor C. R.," our exciting quiz program. And here he is, our own quiz-master, Doctor Small.

"I have a lady in 333, doctor."

"Your question is, in what famous city is the Roman Colosseum located?"

"Hong Kong?"

"Oh, I'm so sorry; it's in Paris. You must never have studied Spanish! But you will receive a consolation reward of a box of Caesar Candy Bars."

"I have a gentleman in 335, doctor."

"Your question is—Oh, our Latin expert has just informed me that the Colosseum isn't in Paris, but in Rome! We regret our mistake, now where were we? Oh, yes, your question is what language is spoken in Germany?"

"German?"

"Congratulations, you must have taken German at New Trier. Your reward will be a car, two refrigerators, three fur coats, AND four boxes of Caesar Candy Bars."

"I have a teacher, doctor."

"Be careful now; what language was spoken in France before the French Revolution?"

"UH-h-h"

"We realize that this is an exceptionally difficult question, so you may think it over and return next week and tell us the answer."

:::Thank you, doctor."

"And now we close with this message. When you go into a drug store to buy a candy bar, remember Caesar."

Do you crave good food? In New Trier's cafeteria there is a variety of choice foods. Even if you don't eat until seventh period, lunch is well worth waiting for. Under the direction of Mrs. Reckitt, who is assisted by a staff of fine cooks, many delicious foods are prepared. Some of the favorites include the malts, salads, spaghetti, and desserts. Further proof of the popularity of the food is the enthusiasm with which it is received at all school banquets and dinners.

This is your NTBC announcer. Don't be alarmed! Our student body is not in danger! All those unearthly shrieks and screams you've been hearing from the vicinity of 291 and 292 are merely preparations for the 1949 Christmas Concert. Mrs. Marion Cotton reports a participation of over 1,000 students. A great audience is expected to witness this unique spectacle. Let's all be there.

The preceding program was brought to you under the auspices of the Art Department, which is responsible for the exhibits of paintings by well-known Chicago artists, presented in the front hall. As part of the art course, students are designing murals, the best of which will be painted on the walls of the lunch hall.

We now present that educational program, "The Answer Man." Today's question is, "What is the quietest place in New Trier?" The answer is the library, of course. However, quietness is not its only virtue. It boasts 14,500 volumes, innumerable pamphlets on various subjects, 60 magazine subscriptions, and 650 phonograph records. Miss Libbey, with the assistance of Mrs. Flood, Miss Ray, and forty student helpers, manages to keep the library the favorite haunt of U. S. History students.

Attention, all incapacitated students and faculty! Report to the nurse's office at once. There, under the capable direction of Mrs. Schoenenburger and Mrs. Hendrick, you will be put out of your misery. Whatever your ailment is, whether you ran your finger in the pencil sharpener or were pushed out of a window, 305 is the place for sure treatment.

# PHYSICAL EDUCATION

Good morning, ladies and gentlemen. It is now six A. M., time for your "How To Be Happy, Yet Healthy" morning exercise program, sponsored by the two best salesmen in the world, Iris Boulton and Duke Childs. So rise and shine. Our first exercise will be for the ladies, especially those suffering from body mechanics lumbago or swimming sciatica. Down, up, one, two, three, four. And now it's your chance, fellows, you lucky people. We realize you're tired, especially those sophomores and juniors who have to take fatiguing social and square dancing. But buck up. The day is just beginning and remember that we all hope you get through it. One, two, three, four, down, up,—oh! oh! Our five minutes are almost up and I have time only to remind you of our motto. "To have lots of vigor and vim, remember to take New Trier Gym."

# OFFICE STAFF

Have you ever wondered how the office is operated, what jobs it does, how it gets them done, and who does them? If so, you should drop in some busy day and see the office in action. You would find that much of the work is done by the Office Staff. Among its jobs are setting up the school calendar, effecting program changes, operating the switchboard, handling fee bills, and handling college transcripts.

The Office Staff is assisted by the Girls' Office Staff, a group of junior and senior volunteers. These girls do such jobs as taking care of the office counter, issuing tardy slips, and filing program cards.

Mr. Herron, the registrar, reports that besides working in the Registrar's Office his staff also serves the front office, the Duplicating Department, Mr. Brown's and the Dean's offices, and the Physical Education Departments.

We now bring you that fascinating quiz program, "Money for the Knowledge." And here is our first contestant.

For four dollars can you tell me what a library assistant is?

Contestant: A library assistant helps Miss Libby in running the library. He takes care of filing, typing, attendance, and the magazine desk.

Very good. Now for sixteen dollars. What is the purpose of the Visual Aid Committee? What do the members do?

Contest.: They give up time to show films to the classes of New Trier.

Excellent. For thirty-two dollars, what is the P. A. corps?

Contest.: It is an organization that is responsible for setting up amplifiers at all important events.

And now the sixty-four dollar question. What is the Service Club?

Contest.: It is a group of girls who have passed a course in Red Crtss Home Nursing. They help run the nurses' office.

Very good. You seem to know about the various service organizations around school. I am happy to present you with sixty-four dollars.

Study Hall

If visitors to our fair school would ask you why about forty-five of our student body looked so thin and pale, the answer would be that they have worn themselves down to shadows, dashing up and down the stairs to 402, which is, as you all know, the Council Office. That is why the main objective for many years has been to bring Council closer to the students!

Seriously, much has been accomplished this year. Students are finding it much more difficult to enter Honor Study Hall this year because new standards for acceptance, including a double check by advisor and former faculty supervisor, have been drawn up. Also, the rules have been revised.

Mr. Gaffney's office has no added attraction. The new line in front of it is only due to Don Keller and the Traffic Department's careful car check. All parking violations and absence of stickers are being reported. Stickers are only being issued to those who can pass the Evanston car check.

Emphasis on advisor room manager and student co-operation in the lunch hall has helped at last to bring about armistice. The new atmosphere is a great improvement over the roar of warfare.

Hats off to the Service Department for a crashing success on College Day!

VAN DUERSEN

VERNON

Social activities have included gym jams, the Hallowe'en party, Council of Clubs, and inter-school parties with Evanston, which have been a factor in the improvement of relations between the two schools.

If you have at least a vague idea of the feverish activity in 333, 402, and 122, it is due to the unceasing efforts of the Publicity Department.

Recreation has brought its functions right into school by securing a trial period for the

opening of gyms to high school kids on Saturday afternoons.

The officers for the past year have been: Dick Anderson, president; Alice Anne Rice, vice-president; Gretchen Storch, secretary, and Jack O'Kieffe, treasurer. These kids have done a wonderful job, and the four new officers, who were elected in December to serve for the next two semesters, have a high standard to live up to. Let's see many more thin, pale creatures in the next year! Council belongs to you!

# TRI-SHIP

TOM COVELL  
Tri-Ship Award

On December 19, 1949, New Trier High School turned back the calendar twenty-five years. For in 1924 the important Tri-Ship Club became a part of New Trier. At a special diamond anniversary dinner over 150 of the past board members and 14 of the past presidents reminisced over their days at New Trier. They recalled the key words sportsmanship, fellowship, and citizenship, the driving force behind the club. They heard many of the acts of Lagniappe.

But besides this great banquet, Tri-Ship also staged their annual football banquet in November. The evening was highlighted by an address by the head football coach of the University of Southern California, Jeff Cravath. In February, the bi-annual Fathers and Sons banquet was held. Saska Siemet gave an interesting talk on movies supplemented by his own movies.

# TRI-SHIP (Cont.)

These banquets are run by the dinner committee, headed by John MacKinnon, who has done a wonderful job. His group also runs the sale of refreshments at the dances.

In addition to the five regular Tri-Ship dances, the dance committee, headed by Chuck Seashore, staged a Christmas dance to start the holiday season. The Tri-Ships once again proved that New Trier can throw the best dances in the country.

Breathes there a student who did not see "Run for the Money"? It appears not, because four jammed-packed audiences thrilled to this year's presentation of Lagniappe. The show, eleventh in the series which is sponsored by Tri-Ship, was directed in this half-century year by Bob Kuenzli.

Do you want a job? Once again the Student Aid Committee provided jobs for boys who desired work. This committee, directed by Dick Lyons, also is in charge of presenting scholarships to worthy seniors, the cause for which most of Tri-Ship's money is used.

If you have ever attended a play, Lagniappe, a sporting event, or a concert (and who hasn't), you have seen two of Tri-Ship's chief service organizations in action. For the boys in the Traffic Squad, headed by Tom Tentler, and in the Usher Corps, headed by Dave Merrifield, have given up valuable time on Saturdays and in the evenings to serve their school. But one should also remember the Library Monitors, Hall Guards, and Information Desk boys, who all make the running of N. T. much easier.

Peppers, headed by Marley Halvorsen, and Cheerleading by Ted Weldon, both have helped increase school spirit at New Trier.

New cheers used at basketball games proved quite popular.

Television came to New Trier with a bang this year. The set, placed in the Tri-Ship room, brought capacity crowds to see the World Series. Educational events, such as President Truman's State of the Union Address, were also seen.

The Tri-Ship Board consists of the above mentioned chairmen besides: President, Tom Covell; Vice-President, Don Rumsfeld; Secretary, Chuck Calderini, and Treasurer, Ted James, and Dick O'Kieffe, Bill Montgomery, Bob Oneal, Dick Stahl, and Jere Weber. The Board, with the help of faculty sponsors, Mr. Frisbie and Mr. Gannaway, has done a terrific job. However, it is important to remember that not only the Board but every boy at New Trier makes up Tri-Ship Club. It is their support and cooperation that makes Tri-Ship what it is.

# GIRLS CLUB

MARCIA NANCE  
D. A. R. Award

Setting: The Girls' Club room on a Thursday morning late in spring, 1950.

Marcia: Will the meeting please come to order? Judy, will you please sum up the year's work for us?

Judy: Girls' Club started out the year with a big bang by selling hundreds of dollars worth of hot dogs at the home football games. Helen Sherman, head of the Financial Committee, did a wonderful job supervising this important work. The Financial Committee was also largely responsible for the management of the Christmas Sale. The sale was the first of its kind held in many years and proved a tremendous success with every girl in the school participating. The Magazine Drive, led by vice-president Julie Sherman as usual was a big success. The profits from all of these activities went into the scholarship fund. Scholarships are given every year to deserving girls, on the basis of personality, scholarship, and the use to which the money will be put.

Among the many social gatherings sponsored by Girls' Club was the annual Friendly Banquet, which this year climaxed Friendly Week. Natalie Snell, head of Social, and Joyce Pierson, head of Friendly, conducted this affair. Since this year the main project of Girls' Club was to promote friendliness, the banquet had more significance than ever before. Natalie and Joyce were also in charge of the Senior-Frosh Party early in the fall, which was to acquaint the incoming freshmen with the seniors. The New Girls' Dinner, the Mother and Daughter Banquet, the Senior Suppers, and entertaining clubs from other schools are the other social activities of Girls' Club which were very successful this year.

The Charity Committee, headed by Carol Ballantyne, was responsible for the grand job done during the Red Cross Drive and the Heart and Cancer Drive. Girls' Club has other charities which it supports including two European children.

Of course all of these activities would have been impossible without the wonderful publicity which Mimi Huyler and her committee provided. Penny Gill, the treasurer, did a wonderful job of handling Girls' Club's money. Mary Dee Hammond, head of Arrangements, had the task of making arrangements for the Girls' Club Room and the various banquets. And Betsy Turner, head of Employment, and her committee helped girls get jobs of all sorts throughout the whole year.

Marcia: Thank you, Judy. I think I can truthfully say that Girls' Club really did increase friendliness by providing so many opportunities for the girls to work together. The class managers, advisor room representatives, and committees have done a wonderful job throughout the year, promoting the purposes of Girls' Club. We all owe a vote of thanks to Miss Wright, our sponsor, whose cheerful aid and direction are vital to Girls' Club. The meeting is adjourned.

# PUBLICITY

EDITORS  
Springer, Rasmussen

We now bring you a special broadcast from behind the scenes at NTBC. 408, the ECHOES' office, is filled with the people who have worked so hard to bring ECHOES to you. The photographers, the lay-out staff, the write-up staff, and all the other miscellaneous people who have contributed to ECHOES are entirely responsible for this year's product. They are the poor souls whom you see wearily wending their way up the four flights of stairs to 408 every day. They have not only worn out the soles of their shoes to bring you a good year book, but they have racked their brains trying to make it original. This book is the result of the combined efforts of the editors, the staff, and the sponsors.

There would be no ECHOES without the patient guidance of Mr. Waters. He and Mr. Stenvall, who has directed the art work, have given invaluable aid and an unbelievable amount of time to ECHOES. We heartily thank them for all of their efforts.

# THE 1950 ECHOES

SPONSORS  
Waters, Stenvall

No matter how good the staff and sponsors are, it is essential to a good year book that the printing, engraving and covers be well done. This year the Economy Advertising Company did an excellent printing job. The Pontiac Engraving Company deserves credit for the engraving. The cover was

handled by A. Holum and Sons. Bernie's Studios took care of the senior portraits and the large group pictures. We thank all who have co-operated in the production of ECHOES. It is the joint work of the faculty, students, and finally the staff which makes this publication possible.

## FLASH!

Something new has been added! Or should we say something has been changed. The *News* has converted from photo off-set to printing and tabloid size. The Editor-in-Chief, Stu Pennels, and Associate Editor, Fred Ringley, are enthusiastic about it, for they can now present more news. As they state, "The *News* aims to present as much of the current news as possible, to interpret that news to the best of its ability, to publicize school activities and to recognize worthy accomplishments, alumni, and faculty so that school life may be more enjoyable and profitable for all."

Learn all about your school through the

*News!* Help bolster school spirit! These and other series of stories have been the main campaigns this year. Since our school is forty-nine years old this year, the editors decided to write a series of articles on the history of our school.

The *News* has been a great success this year with Lynette Peaster as the News Editor, Steve Ruth as Sports Editor, Ann Smith as Feature Editor, and Bill Pitney as Business and Advertising Manager. They are even making money!

## INKLINGS

*Inklings* is back to magazine form again. Mr. Peterson states that the reason for this change is the added unity and attractiveness which may be gained by a single booklet edition. The staff, chosen in February by Mr. Peterson and Editor Nancy Cormany, have worked steadily to make the *Inklings* of 1950 as attractive and interesting as ever.

Here is a bulletin from the NTBC newsroom. Attention, all students! Contrary to recent rumors, the school has not been invaded by the French, the Spaniards, or the Germans. The reason for all the excitement has been that the various foreign language clubs have published strange looking magazines. But there is no cause for alarm. These magazines contain no harmful propaganda, only stories and poems written by foreign language students. The French magazine is called *Le Flambeau*, the German, *Schreiberei*, and the Spanish, *El Pregunton*. The staff members have worked very hard to make good publications. We suggest that you show your appreciation if you read any French, Spanish, or German, by buying one of them. We know you will enjoy it. Don't feel slighted, Latin students. You, too, can keep in touch with your language by buying *Carmina*, the Latin magazine. Though it contains articles of interest to Latin students, it is written in English. So be sure to obtain your foreign language magazine now.

# DRAMATICS

New Trier's first play of the 1949-50 season, "Dear Ruth," was received with great enthusiasm by two hard-to-please audiences. It was a comedy about a family and its two extremely vivacious daughters. Such notables as Dave Paynter, Dale Hansmann, and Mike Schwimmer were starred, along with an excellent supporting cast.

The next play, "Lost Horizon," was an entirely different type, but was equally enjoyable. Difficult as it was to enact this drama of ageless Shangri-La, high in the Tibetan mountains, the cast did a superb job. Jerry Nesselrod, Bill Christopher, and Lillian Galember had the stellar roles in this one.

"Wappin' Wharf" and "The Lady Loses Her Hoop" were the Frosh-Soph plays given this year. Some of the young stars were Elizabeth McCollister, Judy Doty, Dave O'Brien,

Mary Crane, Bob Weldon, and Bob Finne.

We are looking forward to seeing the rest of the plays that will be presented later in the year.

#### DRAMATIC CLUB BOARD

Row 1: Pavlik, Jarvis

Row 2: Tobey

The people responsible for all the wonderful plays put on at New Trier are the members of Dramatics Club. In order to become a member of this organization one must participate in one Dramatics Club sponsored play. In this manner, experience is offered to any future Helen Hayes or Maurice Evans walking around New Trier halls.

Without the assistance of Light, Stage, Make-up, and Props Crews, the successes of the Dramatics Club plays could not be possible. All of New Trier owes a vote of thanks both to Dramatics Club and to all the crews that help so much to bring such wonderful entertainment to our school.

#### LIGHT CREW

Row 1: Cody, Stranne, Wiese, Leonard  
 Row 2: Birdlebough, Kemper, Lane

All of the extraordinary lighting effects used in the plays would be impossible without the light crew. The crew is made up of two boys from each class. The stage crew is another group which is necessary to any stage production. The boys who contribute their time and energy to the construction and shifting of sets deserve a vote of thanks.

It is evident that the actors and actresses would appear rather unappealing, to say the least, if it were not for the Make-Up Crew. The crew is chosen from people who have successfully completed a course in the art of make-up.

# CHOIR-ENSEMBLES

We now bring you a musical review of the year 1949-50. The year started out with a bang. All of the music groups, reinforced with many new voices, began their year's work. All through the year the Boys' and Girls' Ensembles and the A Cappella Choir made many appearances at clubs and conventions, where they were received with great enthusiasm. Some of the favorites are: "Somewhere over the Rainbow" by the Girls' Ensemble; "Sweethearts" by the Boys' Ensemble; and "Madame Jeanette" by the Choir. Besides playing at all of the home football games, the band also gave its usual concerts. The orchestra did a very fine job in all of its appearances at New Trier musical events. Thousands came to see the annual Christmas Concert.

More than one thousand students from all of the music groups participated to make it a great success. Besides the ever popular "Hallelujah Chorus", the chorus sang "And the Glory of the Lord" and two other selections. There were also songs by the Ensembles, Choir, and two selections by the Orchestra. One of the biggest events of the year, the annual operetta, after many weeks of hard work, was presented in March. This year "The Yeomen of the Guard" was the choice, and everyone agreed that it was a very fine production. The year was ended with the annual Spring Concert. The music department is looking forward to another good year.

The 1949-50 debate season opened with strong organization for the coming year already set up. Mr. MacLean, director of debate, appointed the following students to assist the team: Fred Wagner, chairman of the Forensic Board; Owen Frisby, captain of the varsity team; Howard Helms, frosh-soph chairman; David Lindeen, publicity chairman. Mr. H. C. Pifer of the faculty was in charge of debate finances. An important step was taken in debate policies with the formation of the Northwest Debate League, an organization similar to the Suburban League in athletics. New Trier won the League championship.

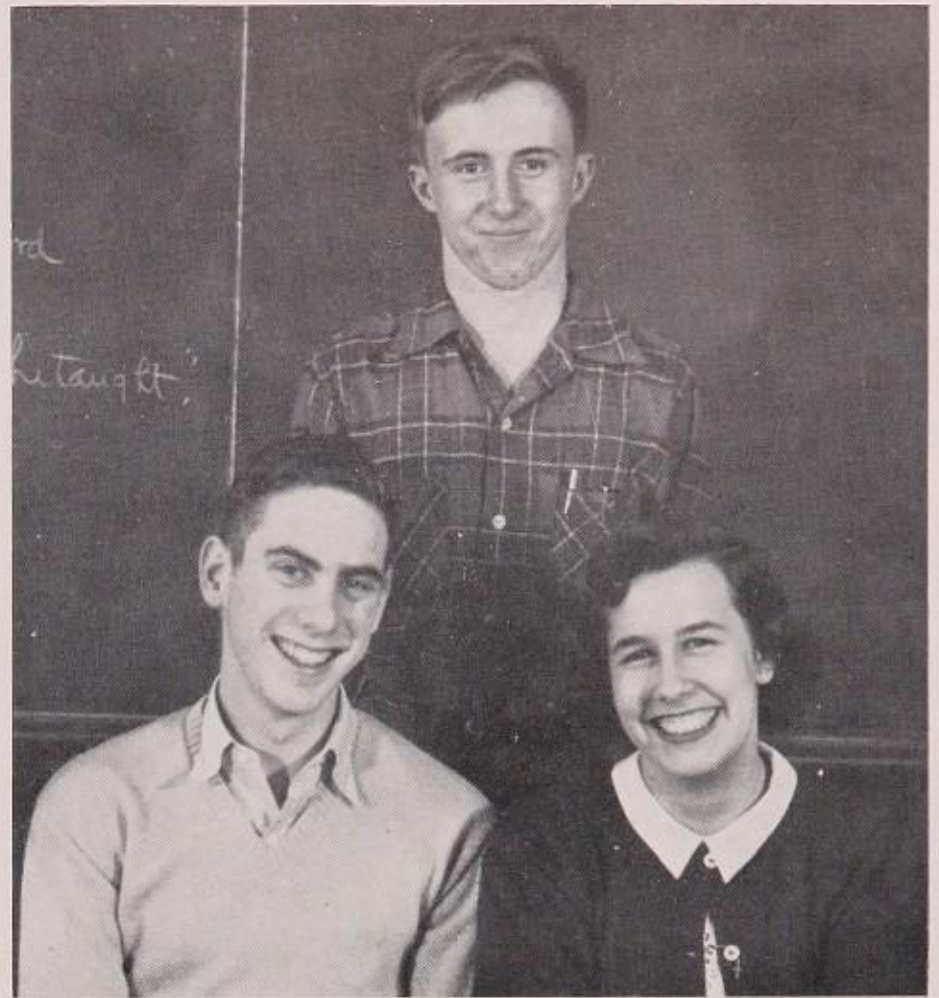

Throughout the season the New Trier debate team participated in over 300 debates, and also engaged in various extemporaneous tournaments and panel discussions. Early in the season the team showed its strength when the sophomore squad, competing with varsity teams of this section, won four firsts out of the possible six, and the varsity tied for championship of the Hammond Tournament, losing in the overtime round in a radio debate by a 2-1 decision. This promises a successful '49-'50 debate season.

# MUSICOLOGY

Due to recent rumors that an ancient Indian tribe was occupying the south-west side of the fourth floor, our finest reporter was sent over to investigate. On arriving, he found nothing out of the ordinary, only Mrs. Kidd, surrounded by a group of admiring students, who were learning about Indian music. Being interested, he inquired and found out that music is integrated with both social studies and language courses.

Upon further questioning, he learned that there is a Musicale Club composed of students who are interested in all kinds of music. They attend concerts and other musical events. The Musicale Concert Series, to which a great percentage of students subscribe, is also sponsored by this club. The series brings many famous musicians to the school. As this reporter found out, "Things are not always what they seem."

ECHOES of 1950 now brings you "The Club News of the Day." Here is your reporter, Walwin Terchell. . . . One of my first assignments of the year was to go to New Trier and visit all of the clubs. I thought this would be easy, but I was in for a big surprise. Two weeks later I emerged tired but enlightened, and I had many extraordinary experiences to add to my memory.

The first day, while wandering around in the music department, I stumbled into 292, where I found Miss Anderson and a group of freshman and sophomore music students who were exhibiting their talents in Recital Club. They very politely invited me to join them, but since I gave up my music lessons after I lost my absolute pitch (I was hit over the head with a baseball bat) I could not meet the club's requirements. I regretfully said goodbye and went on my way.

Next I decided to visit Junior Music Club since I was in the mood for music. I arrived late and found the meeting in full swing. Everyone seemed glad to see me and I was quite flattered, but my ego was deflated when I found out that they thought I was bringing the refreshments! Later, while talking to the sponsor, Mrs. Bradburn, I found out that tryouts for the club are held each fall. She also asked me to try out, but I declined very politely. She then told me that Senior Music Club was holding a meeting that night.

When I arrived at Senior Music Club I was greeted by the president and all of the officers and the sponsor, Mrs. Cotton. I was quite impressed with this club, not only because of the excellent dinner that was served us, but I also enjoyed the performances of the students. I now have a goal in life, to yodel well enough to get into Senior Music Club.

The next afternoon, feeling especially courageous, I decided to visit the Rifle Club, so I wandered down to the field house. Hearing shots, I quickly ran and put on my bulletproof vest, but upon entering, all of my fears

vanished. The sponsor, Mr. Fearheily, informed me that all members are instructed in the care and operating of their rifles.

Still shaking, I wended my way to Magic Club. No sooner had I entered than I was put into a box to demonstrate how to cut a person in half. To make a long story short, I am still in one piece, which goes to show that the members of this club are very clever magicians.

Hearing the call, "Calling station W9EDC, calling station W9EDC, W9EDC, where are you," and being a curious sort of person, I entered a very unusual room. At first I thought I was in a submarine, but I found out much to my amazement that I was at a meeting of Radio Club. It was only there for fifteen minutes, but it was the most educational fifteen minutes I've spent in a long time. The sponsor of the club, Mr. J. R. Smith, and the members told me some

very enlightening things. For instance, I learned that a ham is not the best part of a pig, but an amateur radio operator! Not wishing to show my ignorance any more, I thanked them and left the hams busily sending and receiving messages.

Pausing to admire a photograph in the hall, I heard a click behind me and turned to see a young man with a 1910 model camera who had just taken my picture. He said I had an interesting face; to each his own, I say. He then asked me if I'd like to attend the meeting of Lens Club that afternoon. Fascinated by this new friend, I decided to go with him. Before my eyes had become used to the dark room, I had bumped into the enlarger and stuck my hands into the parapheneline-diamine. It was then that I realized that I'm not cut out to be a photographer, so I said goodbye and left.

Then I noticed a large crowd gathered in front of one of the rooms. Upon inquiring, I found out that the Stamp Club was celebrating its thirtieth anniversary with an exhibit and program, and that all the people were gathered to witness the great event. The only thing I know about stamps is that there is a picture of some president on the three cent stamp, but I thought that the meeting would be interesting so I went inside. It proved to be so interesting that I have decided to take up stamp collecting when I retire.

It was then that I walked right into a meeting of the Chess Club. They were having a tournament, and were so quiet I didn't know they were there. Not knowing anything about chess, I talked to the sponsor for a few minutes and left them to finish their tournament.

The next time I returned to the halls of New Trier my first project was to visit the Science Club. When I entered the meeting, one of the

members was demonstrating electricity. He had a large dish of water with some pennies in it and was passing electric current through it. Since I was the honored guest I was asked if I'd like a chance to make some easy money by picking up the pennies. Well, I tried, but it was a shocking experience! It was then that I decided to leave the Science Club to those students who are gifted in the fields of science, and I went on my merry way.

When I was told that there was an Archeology Club at New Trier, I couldn't believe it, since I didn't think that high school students could be archeologists. Therefore I went to visit this club and found the members very actively making plans to go on a field trip. This sounded very interesting, and when the president of the club asked me if I would like to go along with them, thinking that I might learn something, I said I would be delighted.

By this time I was beginning to wonder if there were any literary clubs at New Trier, and I found out that there is a Quill Club. When I entered the meeting, one of the members was reading a poem he had written. I was asked if I would like to contribute something to the program, but I had to decline because the only thing I know by memory is the preamble to the Constitution, and it's rather obvious that I didn't write that!

While going through the halls one day I happened to notice a poster which said "Come to Square Dance Club This Friday at Eight O'Clock." This sounded like a lot of fun, so I went that Friday. Between doing the Virginia Reel and the Schottische I was completely worn out, but it was a wonderful party. Later, the sponsor, Miss Byrne, told me that the club is open to juniors and seniors who are interested in dancing. All I can say is, if square dancing is that much fun, it's for me.

The next day I was stiff as a board but managed to get down to school anyway. Thinking that Knitting Club was just my speed, I decided to go to their meeting. But I was slightly embarrassed because I walked into a room full of giggling girls, if you'll

pardon the expression. Anyway, I don't know what I expected, most boys don't knit. Look at me. I'm still on my first pair of argyles. I didn't stay very long at this meeting, just long enough to find out that these girls have a wonderful time at their meetings.

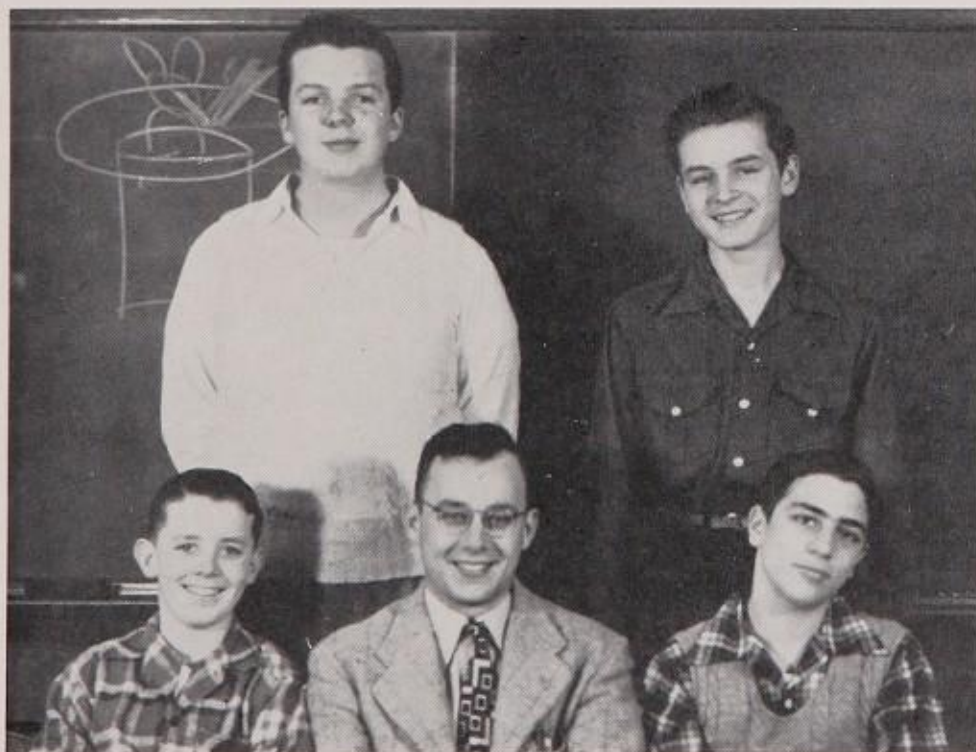

Unfortunately, I missed the meetings of both Girls' and Boys' Career Clubs, but the sponsors were very kind in telling me about their activities. Night meetings are held in which speakers come and tell about various careers. As well as affording members a legitimate chance to get out of the house on school nights, these meetings are very interesting and informative.

One of the most unusual clubs at New Trier is the Ski Club which was newly formed this year. Of course the purpose of the club is rather obvious, skiing, and the members have been very busy making plans. They asked me if I had ever had any experience in skiing, and I said unfortunately not. I didn't wish to dampen their enthusiasm by telling them that I gave up skiing after breaking my leg going down a three foot hill!

While going through one of the gyms, I saw a boy go flying through the air! I knew it was Thursday, but I investigated anyway.

I found out that he was performing on the trampoline for the Gymnastic Club. This is a club for boys who are interested in various phases of gymnastics and Mr. Giallombardo is the sponsor.

Going past one of the art rooms, I heard a commotion and entered. I found the Art League busily making decorations for the next school party. I also discovered that they do posters, have meetings with other schools, and go on sketching expeditions. They asked me if I would like to help them put up the decorations, but I declined since I had a previous engagement.

That same night I went to a meeting of the "N" Club. This club is restricted to winners of varsity letters in the major sports. This club is fairly new since it was formed just last year, but it is well on the way to becoming one of the most important clubs. It encourages such things as school spirit and co-operation between different schools.

On my last day at New Trier I decided to visit the various language clubs. I had been putting it off as long as possible because my knowledge of language is nill. I took one semester of Chinese in college.

First I visited the French Club. As I walked in I was greeted with, "Bonjour, parlez-vous francais?" Like a fool I said, "Mais oui." Then followed an oration like I've never heard before. I didn't understand any of it, but every once in a while I said, "Oui, oui." But there is always a bright spot, and this time it was the refreshments, bonbons. Then I said, "Au revoir," and left, whew!!

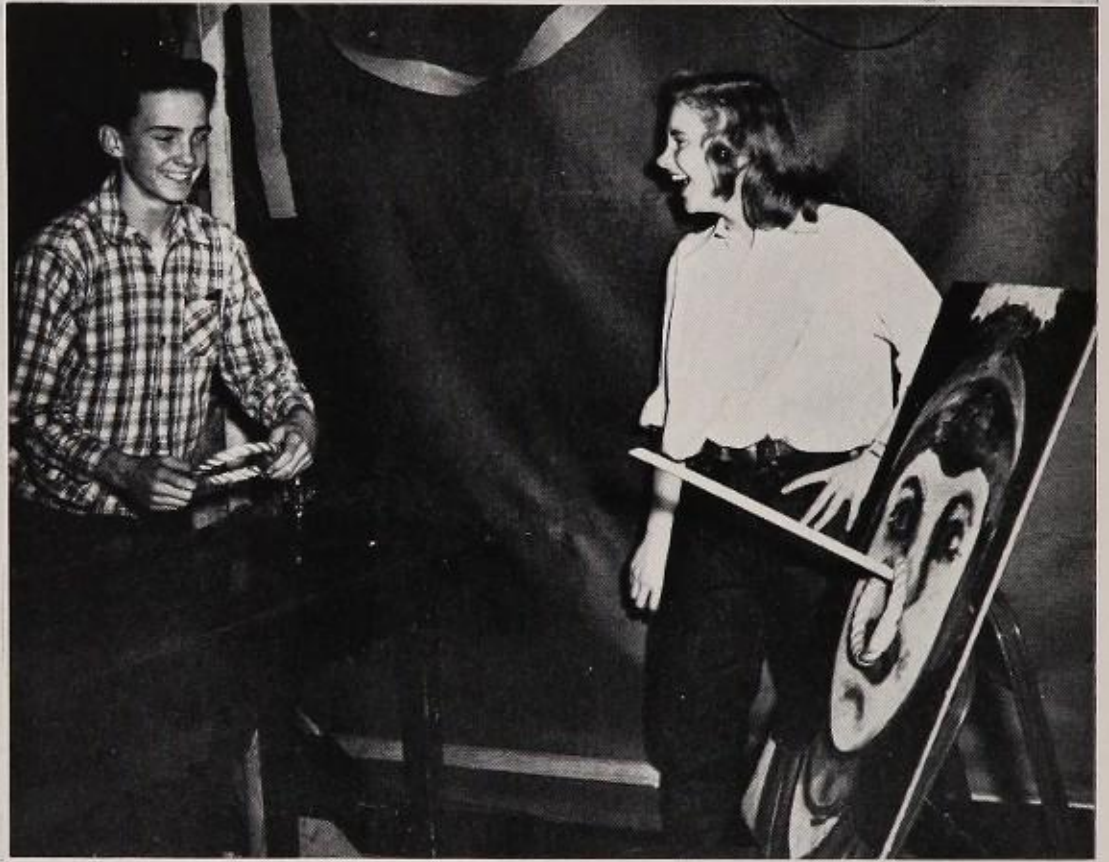

Next I visited the German Club or Der Deutsche Verein, and when I was asked if I spoke German, I said that I didn't. They were very nice to me there. Even though the meeting was carried on in German, the sponsor, Mr. McDowell, explained everything to me. I then said thank you to them in English and left.

Feeling much better, I decided to tackle the Spanish Club. When I walked in everyone said, "Hola, amiga." Some of the members gave the play "Little Red Riding Hood" in Spanish. I didn't get much out of it, but it was very highly entertaining. For refreshments we had ice cream and cookies, I can't remember the Spanish name for them. When I left they said "Adios, amigo, hasta la vista." It was all Greek to me but I responded with "Adios."

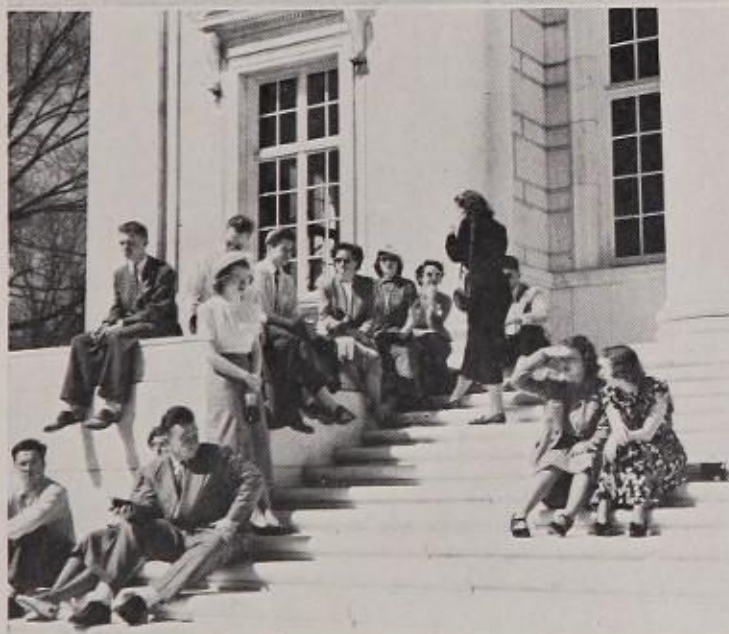

When I walked into the Latin Club I discovered much to my surprise that some of the members were in front of the room dressed in white robes and carrying a sign, "S P. Q R." I suppose that they were the club's officers but I never found out. It seems that they were going to give a play in Latin and they wanted me to be Brutus. Thoroughly frightened, I said that I would like to, but that I just had to catch a train. I said goodbye in English and thanked them most kindly.

Well, that finished up my visit to New Trier, and as I said before, I certainly enjoyed every minute of it. My next assignment is to cover the zoo. Tune in next week.

# 1949 BASEBALL

For the second consecutive year Coach Lightner's varsity baseball squad rolled to the Suburban League title. In fact in league competition the team triumphed fourteen times in succession without defeat. For the entire season the team won twenty-four games and lost but one, an eleven to nine decision to Leyden, a team they later shut out. The team tallied two hundred nine runs during the season against only sixty-nine by their opponents.

Virtually the same team that represents Winnetka in the American Legion tournament represents New Trier the next spring. This year the team showed its prowess by winning thirteen of sixteen games, including an eight to four conquest of Argo-Smnnit at Comiskey Park.

The team was so star-studded that it is impossible to pick any particular player as the star. However, we do want to mention a few of the boys who contributed to the team's record. Who can forget the consistent hitting of Bruce Frazier, Whitey Gompert, Dave Merrifield, and Lefty Moore, or the dependability of the keystone combination composed of Ned Jannotta and John Nash? Also outstanding was the mound corps headed by Pete Mackinnon and Bill Teeple. These are just a few of the boys who made the 1949 baseball team one of the greatest in New Trier's history.

# GOLF - TENNIS

"It's an ace," was the familiar cry on the tennis courts last year, as the netmen won second place in the district meet and third place in the Suburban League tournament. Matches were lost only to Oak Park and Evanston (during the '48-'49 season). The young squad was headed by Jimmie Stevens, a junior, followed closely by Harold Goldsmith and Tom Covell. In doubles Coach Clader called upon three teams, composed of Bob Paley and Paul Bennet, a freshman, Harry Halper and Mike White, and Pete Bott and Terry White. Others on the squad included Bennet Rodgers, Bill Grigsby, and Tom Pritchard. With Halper, White, and Goldsmith the only graduates, Coach Clader and the team look forward to a prosperous 1950 season.

From the fairway comes news that New Trier swept eight of twelve golf matches during the 1949 season. Under Coach Aram, Captain-elect Ace Ellis and Ozzie Mazzetta, a sophomore, led the team with an average of eighty-four. Close behind were 1949 captain, Archie Wallen, and his brother, Bill. Tom Higbee, Dick Peterson, Joe Petti, and Jim Wood were

other consistent "80" shooters. The outstanding achievement for the team was finishing third in the district meet. Many of the outstanding golfers are returning this year including Ellis, Mazzetta, and Archie Wallen, so 1950 looks like another banner year on the golf links.

# TRACK

We now bring you a review of last year's spectacular track season. Here is our commentator, Flat Plannigan.

"Paced by the undefeated two mile relay team composed of Herb Carson, Dick Donnelly, Norman Feltes, and Blair Woolfolk, New Trier once again took second honors in the tough Suburban League behind Oak Park. New Trier edged Oak Park in the Wheaton relays but finished second behind La Grange 59 to 56. New Trier took first place in the District and North Shore Quadrangular Meets, whipping such teams as Evanston and Waukegan.

Co-captain Dick Calkins was the only Trierite to score in the state meet at Champaign, placing fifth in the 220 yard dash. Bob Kallman and Don Keller, a junior, led the way for New Trier in the hurdles throughout the season.

Although the frosh-soph could only obtain seventh place in the Suburban league meet, and were whipped by Oak Park, 83 to 29, several bright spots can be found. New Trier has great hopes for a fine team in the future with some potential track stars.

# VARSITY FOOTBALL

Many observers opined that this year's Varsity eleven was the finest squad in New Trier's history. There were also some Illinois scribes who considered the '49 aggregate the finest high school squad they had ever seen.

The N. T. gridders opened their season with a 32-0 victory over Schurz. Incidentally, after suffering this initial defeat, Schurz went on to win nine straight games and take the Chicago prep championship. The next victim was Lyons Township of La Grange who fell before the Indians to the tune of 20-6.

The League schedule was opened in rousing style as the Green Wave rolled over Morton 40-0. Next came the Oak Park tilt. The New Trier fans really had something to cheer about as the home eleven rolled up the highest score by which they have ever beaten the highly touted Huskies, 47-13. Proviso proved strong in the first half, but fell before a third quarter drive to lose to N. T. 28-6. Next the Coach Aschenbach charges journeyed to Highland Park, where they smothered the Little Giants 52-0. Waukegan also bowed to the powerful New Trier single wing attack by a score of 46-7. In the last game of the season N. T. met Evanston on their grounds. The Wildcats had been undefeated previously. New Trier could not get its offense going and lost a tough battle, 12-0. Despite this loss, it won the league record for the most points scored in one season with 214.

The starting unit consisted of Covell and James at the ends, Currie and Helmsädter at the tackles, Wheeler and Calderini at the guards, and Co-captain Griesser at the center. The starting backfield of Merri-field, O'Keefe, C. Currie, and Co-captain Brymer amassed almost a mile in yardage. O'Keefe led the league in rushing and passing while Currie was third in rushing. Other senior letter winners were ends, Zweiner, Hoban; tackles, Dern, Spies; guards, Williams, Mills, and Chester; center, Woody; and backs, Leason and Marshall.

New Trier fans can look forward to another successful season next year with seven returning lettermen: Shaver, Hoffman, Feltes, Rushing, O'Kelly, Cookman, and Mayo. Feltes and Hoffman were elected captains for next year.

VARSITY FOOTBALL

# FROSH-SOPH FOOTBALL

Despite numerous injuries, the Frosh-Soph squad managed to take three contests during the 1949 season. The team never lost by more than one touchdown until the final game of the season when the roof caved in at Evanston, 46 to 0. The highlight of the season was a 13 to 6 triumph over Oak Park. Other victories were registered over Schurz of the City League, 18 to 7, and Highland Park, 26 to 13.

One of the outstanding members of the team was Captain Tommy Knott. His running aided the Pony cause consistently. Jere Weber's passing and running made the team a constant threat. Other outstanding players on the squad were Joe Harrison, halfback, Frank Lennon, linebacker Larry Wolf, and Peter Kahn, end and halfback. Unfortunately, Knott and Harrison were injured in the second game of the season.

The New Trier defense was the major cause of the rather poor showing. However, the experience gained by playing together promises to give New Trier representative teams the next two years.

SOPHOMORE FOOTBALL

# J. V. FOOTBALL

For the second year in a row, the New Trier Jay Vees rolled to the Suburban League Championship. Starting with a 21 to 0 victory over Morton, the Trierites trampled all league opposition and lost only a tough 13 to 6 decision to the Lake Forest varsity. The highlight of the season was a smashing six touchdown triumph over Oak Park, clinching the championship. The famous "bread and butter play" a short punt formation, was used successfully throughout the season and scored a key touchdown against Evanston.

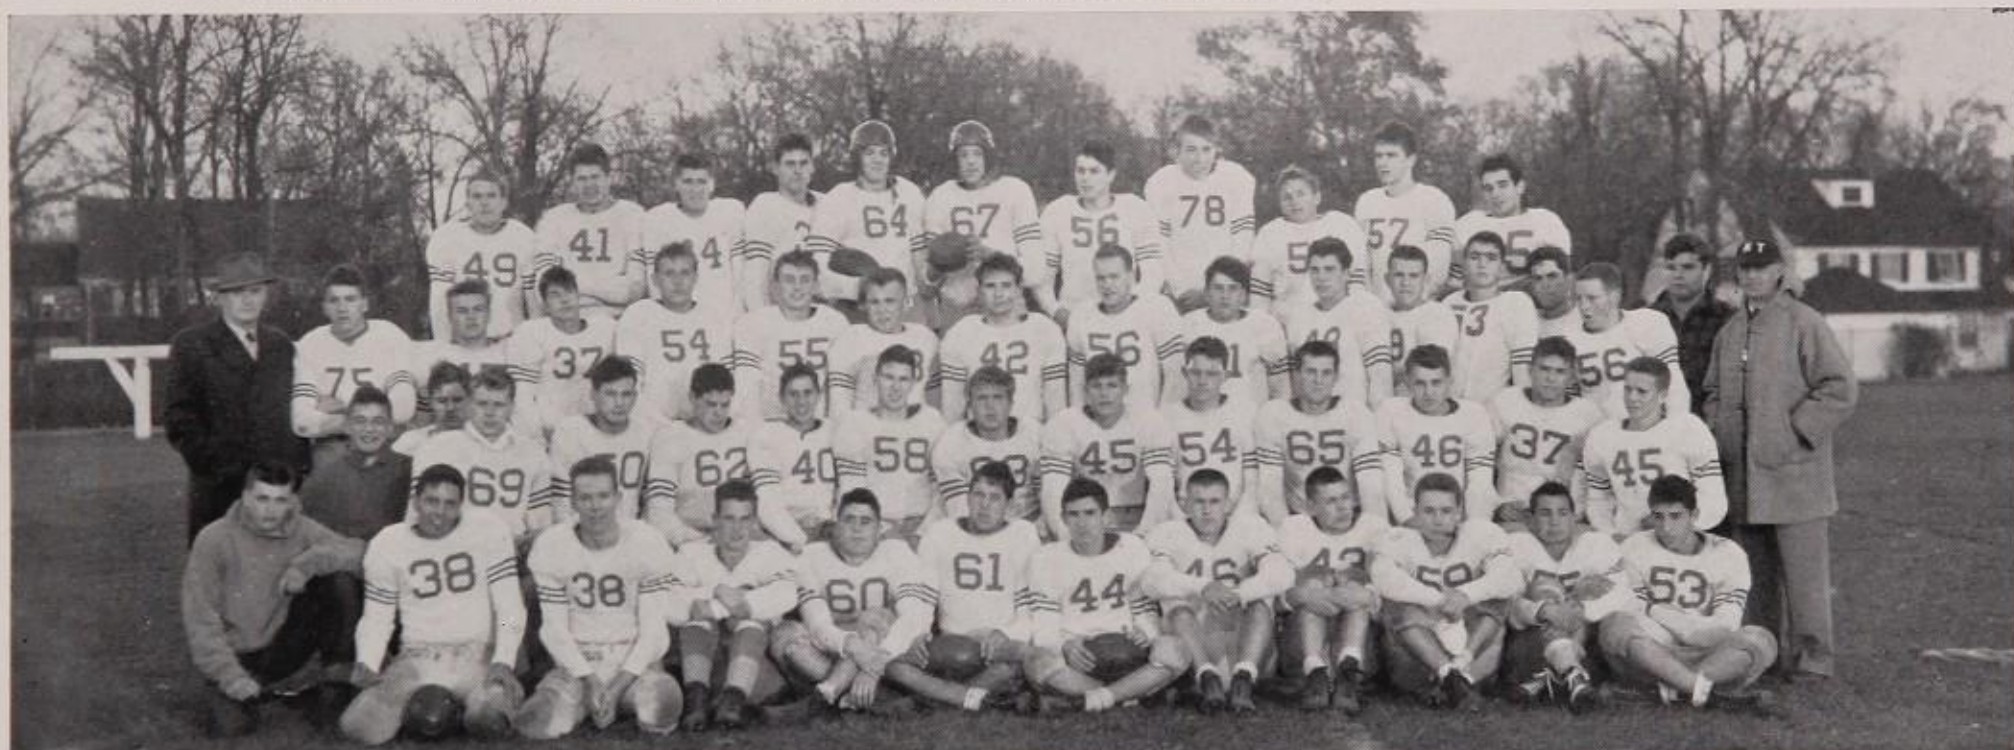

Coaches Funkhouser and Frantzen complimented the team and said that spirit was an important factor in its success. They said that the club was to play for fun rather than strictly to win.

In the backfield New Trier called upon Anderson and Klatte at left half, Rumsfeld at right half and Irving, D. at fullback. Weber and French handled the signal calling. The usual starting line consisted of O'Neal and Kruger at the ends, Davis and O'Kieffe at tackle, Fagen and Gray at guard and Ryno over the ball.

The Jay Vees deserve congratulations for bringing New Trier its only football championship in 1949. It will be a long time until New Trier has a squad with the spirit and the team work of the 1949 Jay Vees.

(After a slow start New Trier's varsity basketball team got into full gear and rolled into second place behind only Morton, one of the top teams in the state. The team this year was noted for their fine spirit. New Trier also had plenty of team work, an outstanding essential for any winning squad. Smooth floor play enabled New Trier to dominate many contests. Captain Tom Covell led the way for the green wave. His 31 points against Proviso was the highest output of the year in the Suburban League. However, along with Covell much credit should go to Smaha, forward; Massey, center; and Prasse and Hasselman, guards. Such boys as Yates, Lyons and Greenlees should also receive notice for playing in many of the games. One of the heartbreakers of the year was the thrilling 45 to 44 loss to champion Morton. An inspired rally by New Trier fell just short. On the happier side, New Trier went downstate and finished second in the holiday Pontiac tournament. Another great achievement for New Trier was the victory, 61 to 46, over Fenger and their great star, Sam Esposito. At that time Fenger was the number one team in the entire city. Also highlighting the season were two victories over Evanston, and two over Oak Park.

# J. V.-FROSH BASKETBALL

Although they finished the year with a poor record, the New Trier Frosh-Soph cagers deserve much credit for the spirit and the never-say-die attitude the team showed. The team was hampered by bad luck, losing several of their games by only one or two points. However, the team picked a tough Evanston team to register their first victory, a thrilling 24 to 22 affair. The team closed the season with another triumph, a smashing 43-28 conquest of Niles.

Jere Weber was the outstanding scorer for the Sophs. He was backed up by Kuhn, Harrison, and Ford at forward, and Holden and Hendricks at guard. Other players of note were Kahn, Lyons, and Ortegal. Much credit should go to Pete Frantzen, Coach, who kept his team in every game up to the final gun.

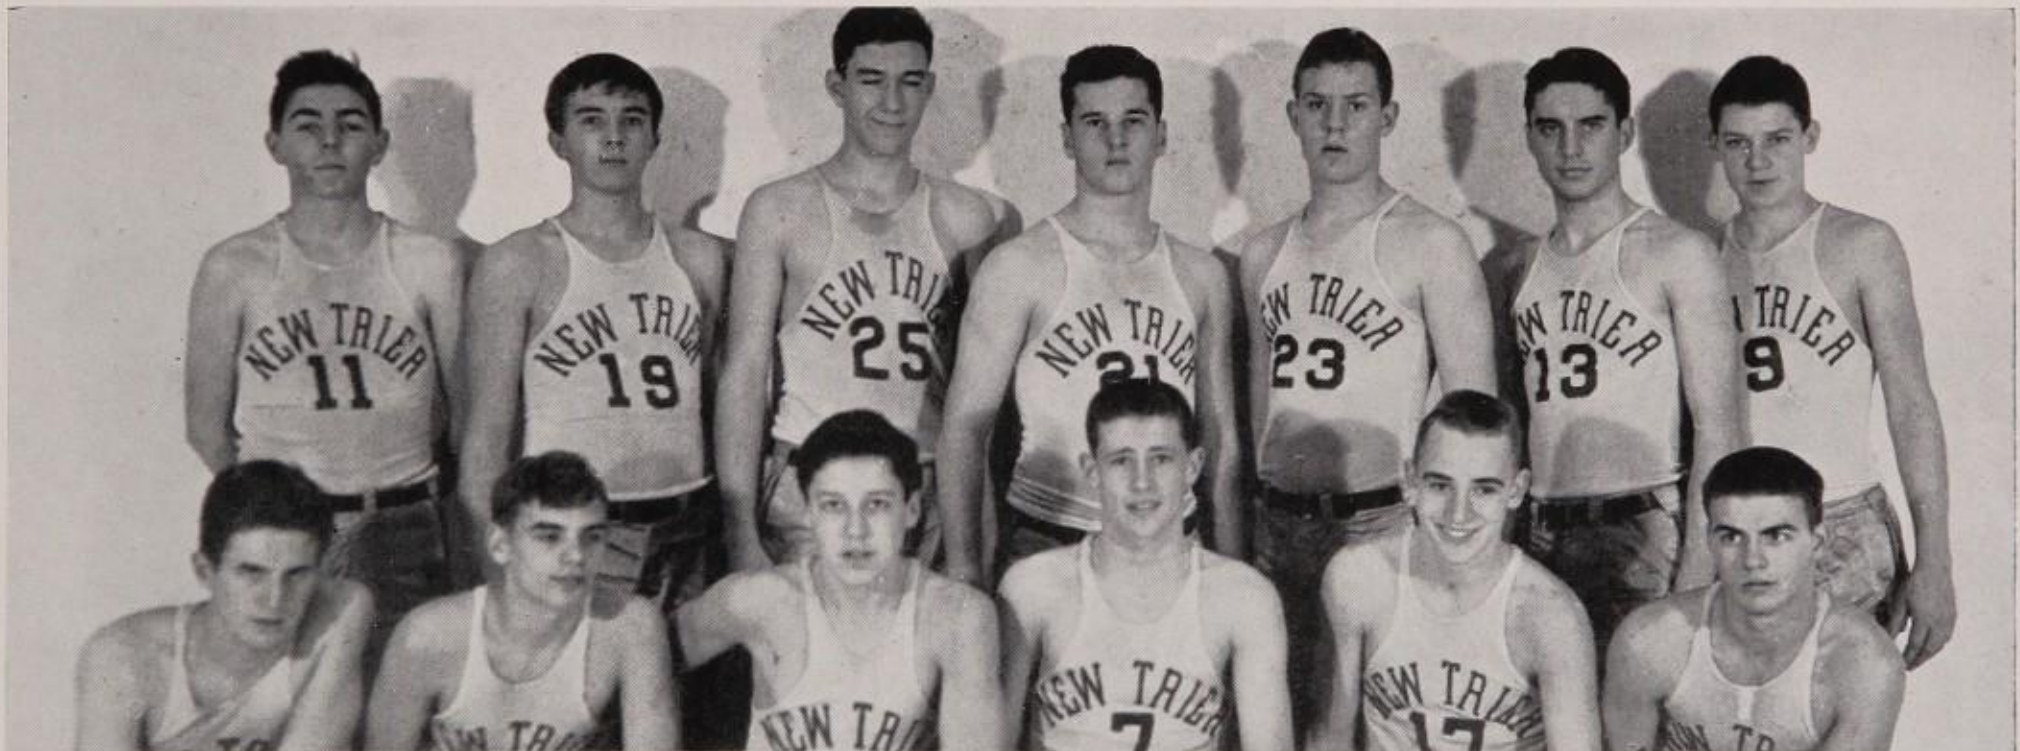

New Trier's Jayvees enjoyed a successful season with Bob Jeangerard dominating the scoring. Special credit is also due to Skip Morgenstern, Mike Feltes, J. C. Henry, and Tom Shaver. Highlights of the season included a thrilling 48 to 47 victory at Evanston in which New Trier trailed 47 to 46 with only thirteen seconds left. However, Feltes sank two free throws for the victory. The Jayvees crushed Waukegan 50-37 and Proviso 59-40 in other great achievements. New Trier played under two coaches, Fearheily and Lauer, both of whom did a fine job. Many of the boys will be playing next year on the varsity, and promise to give New Trier another fine representative in the Suburban League.

# WRESTLING

This year's varsity wrestling squad, under the careful supervision of Coach Hurley, had its most successful season in New Trier's wrestling history. The team, co-captained by Don Rumsfeld and Len Vyskocil, swept the Suburban League title and then went on to take the state championship. Even in the regular season, the squad failed to drop a single meet and were only tied once by Moline. The varsity grapplers went so far as to place two men on the Illinois all-state squad, and also took a second, third, and a fourth in the state. Among New Trier's victims through the season were strong varsity teams as: Rock Island, Proviso, Tilden, Hirsh, Maine, and many other "first rate squads."

Len Vyskocil dominated his class in every match he entered, losing none and winning both state and sectional honors in the 127 pound class. Dick Suttle, in the 133 pound class, breezed through his competition and won the sectional and then lost a tough match down state. Myles Cunningham and Dick O'Keefe alternated in the 138 pound class with Cunningham finally wrestling in the sectionals and taking second.

Don Rumsfeld won his 145 pound class in the sectionals, and lost a disputed referee's decision down state. Bill Weber, the 155 pound entry, won his sectionals. Pete Van Schaack, a junior, went through the season wrestling at 154 pounds, but entered the 165 class for the state meet.

George Helmstadter wrestled heavyweight in the season and was undefeated in his competition, pinning most of his opposition and scoring 104 points. Then he won the sectionals and the state division of heavyweights.

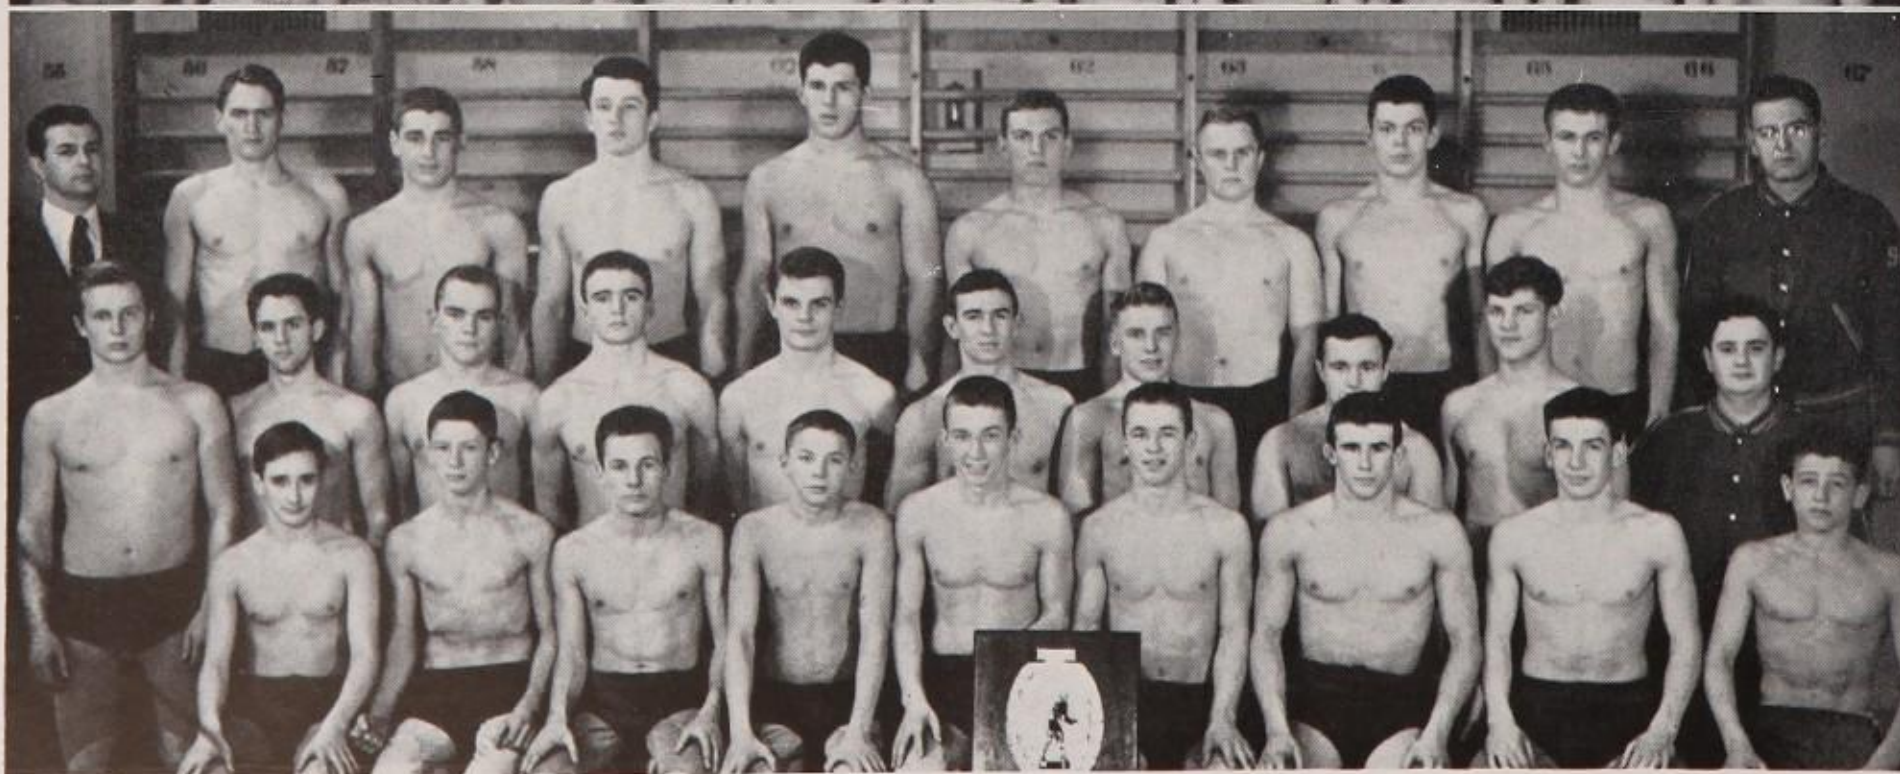

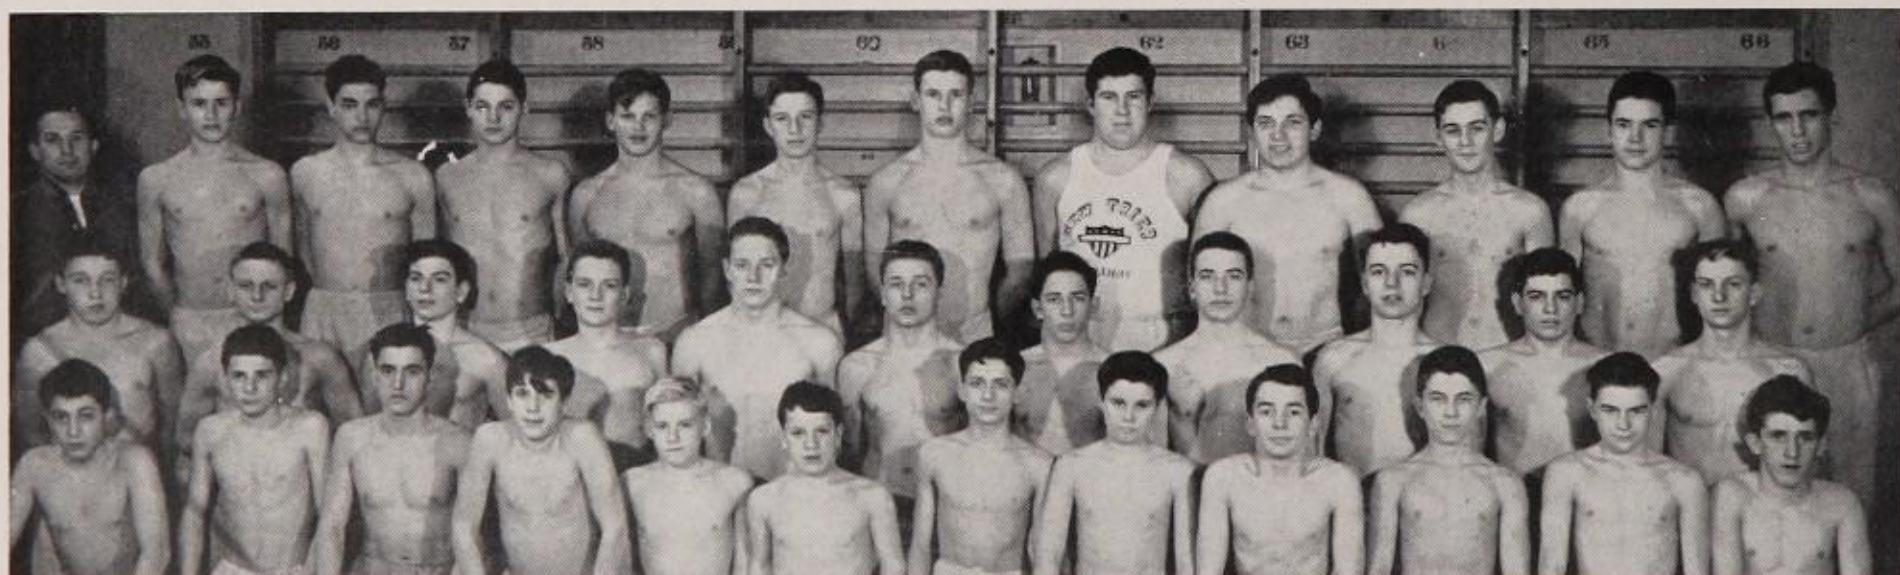

Congratulations to this year's championship squad and to Coach Hurley for his splendid supervision of the boys.

# GYMNASTICS

The Gymnastic group was organized in 1940 and was again resumed after the war in 1946. This group meets on alternate days during the second and third quarters in the regular physical education classes. Work-outs and routines are practiced on equipment in the South Gym, i. e., trampoline tables, horizontal bars, parallel bars, side and long horse, tumbling mats and mound, flying rings, and the trampolette. With the help of the leaders shown above, the freshman, sophomore, junior, and senior boys receive instruction and practice safety skills. In this manner the Gymnastics-Tumbling program is exposed to all the boys in school.

Members of this group take part in the Lagniappe shows and various exhibitions and demonstrations throughout the township. The highlight of the school year is the annual entry of twenty-five leaders in the Central A.A.U. Gymnastics Competition. An award, the Thatcher Gymnastic award, is presented to the outstanding senior who has progressed in individual achievements, and who has cooperated in the instructional leadership during the school year through the class program.

This past year the Gymnastic Group has competed with Chicago schools, and has made an excellent showing in the Central A.A.U. Gymnastic competitions. In previous years they have appeared in the State Convention at New Trier, the Midwest P. E. Convention at Indianapolis, Indiana, and at our annual Dads' Club sports demonstration.

# SWIMMING GUARD

Each Wednesday evening and Saturday morning twenty-five New Trier boys give up valuable time to instruct and to safeguard the swimmers of the township. These boys are members of the New Trier Guard, least known but most essential of the New Trier Swimming Organization.

Members of the Guard are not just ordinary swimmers. They are swimmers who have teaching ability and wish to assist others in this valuable sport. The New Trier Guard is selected by Mr. Jackson, director of the swimming groups. To be chosen guard is the highest honor a New Trier swimmer can receive.

During the 1949-50 season the Guard was headed by Peter Bergsten, who was assisted by Jim Ford, a junior. Other Guards were Bill Branch, Jim Geppert, Pete Mayo, Steve Mullins, John Sokol, Archie Wallen, Jim Watson, seniors; Stuart Fox, Murray Keatinge, Alan Krasberg, Phil Mayer, Joe Smith, Forbes Taylor, Steve Winternitz, Walter Langtry, Alan Hammerman, Bert Klerrup, and Douglas Fletcher, juniors; and George Brailsford, Bill Jenks, Dave Jones, Bill Stetson, and George Hust, sophomores. Once again this season the New Trier Guard has served the school and the township.

# VARSITY SWIMMING

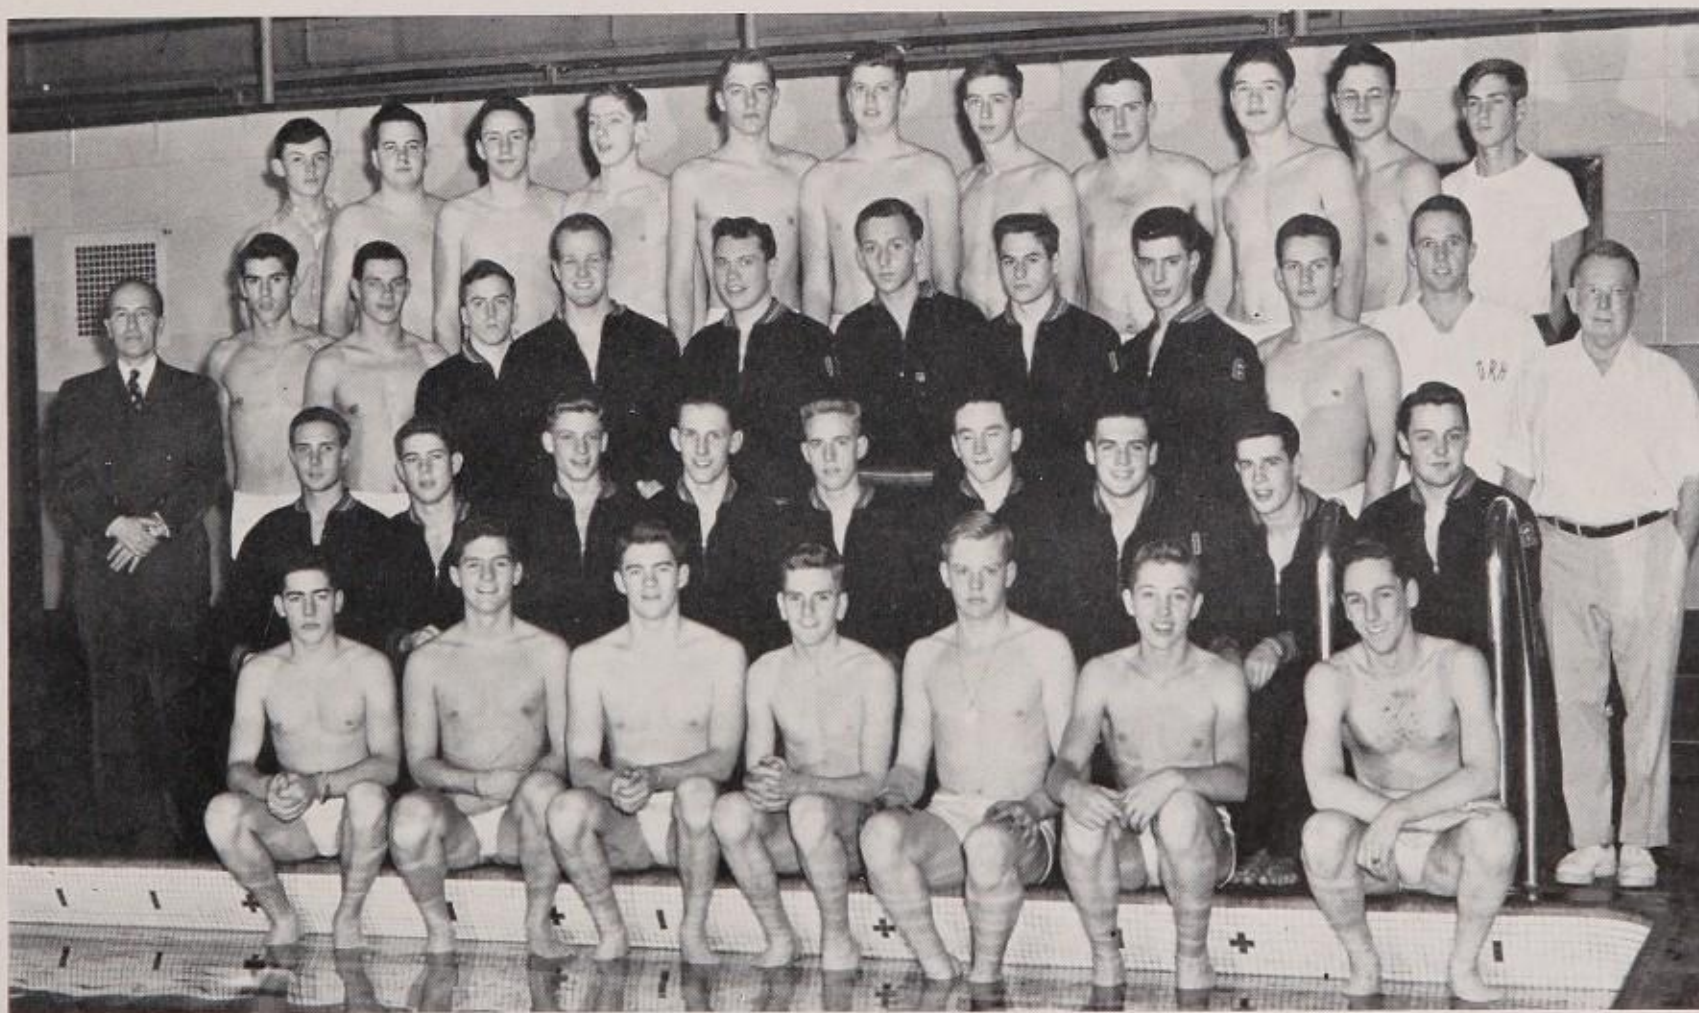

At 4:13 on February 26, New Trier's varsity swimmers emerged from the New Trier pool as state champions of Illinois for the third consecutive year. More important than this, New Trier had achieved complete revenge on Evanston who, earlier in the season, handed New Trier its first dual meet loss in eight years. So one-sided was the state meet that New Trier actually more than doubled the score of second place Evanston, and scored within two as many points as the next three teams combined. Our mermen had actually clinched the meet before both the diving and either of the relay events. Moreover, the depth of the squad was shown in that New Trier scored in every one of the nine events.

Being more specific, Bill Branch nailed down a state championship in the 200 yard free style with Bill Stetson of New Trier close behind. Jim Walters and Ralph Lindahl of New Trier took first and second respectfully in the diving. State crowns were also nailed down by both the 150 yard medley relay team composed of Quigg Porter, John Sokol, and Jim Ford, and the 200 yard free style relay with Bill Stetson, Murray Randall, Bill Branch, and Jim Watson. Other points in the state meet were scored by Bob Bergdoll in the 50 yard free style; Walter Langtry and John Sokol in the 100 yard breast stroke; Forbes Taylor in the 100 yard back stroke; Jim Watson and Jim Ford, who finished second and third behind Lane's outstanding star, Ronald Gora; and Archie Wallen and Steve Mullins in the 150 yard individual medley.

There were other outstanding highlights during the season, too. For example, on one day New Trier actually amassed two distinct squads and swam against two different teams, but still more than tripled both teams' scores. Two days later the varsity mermen beat the highly touted Iowa State champions from Clinton by a score of 64 to 11. New Trier's 400 yard relay team that night set a national record, bettering by over  $4\frac{1}{2}$  seconds the previous mark. This outstanding team was composed of Watson, Stetson, Branch, and Ford.

Even more complete revenge was gained on Evanston by the New Trier victory in the Suburban League meet. A new league record was set by Archie Wallen in the 150 yard medley. Ralph Lindahl also set a record in the diving division.

The heartbreaking defeat by Evanston gives us a chance to review the great record that Coach Edgar Jackson has rolled up at New Trier. It is his great inspiration and coaching ability that has led New Trier to the following unequalled records. Between January 1, 1942, and January 31, 1950, the team was undefeated in dual and triangular meets, winning 118 in succession. During that time the team defeated not only state champions from Illinois, but from Iowa and Wisconsin as well. New Trier has won 16 consecutive league interscholastic meets and has won the league championship 20 times, finished second 8 times, and third 3 times. It has never finished below third. The team has entered the state championship meet 15 times with the following record: 5 wins, including the last 3 in a row, 7 times in second place, and 3 times in third. Therefore to Coach Jackson and his associates, Mr. Condon and Mr. Robertson, we say congratulations and good luck for another title team in 1951!

# FROSH-SOPH SWIMMING

A perfect record was rung up once again by the Frosh-Soph swimmers. These mermen also took top honors in the league meet. New Trier was strong in all events with Hust, Jenks, Chapman, and Bohnen leading the free stylers and Brailsford and Kanne outstanding in the breast stroke. In back stroke New Trier called on Ralph and J. Taylor. Sedgwick, Pflanz and Hagen starred for the home team off the diving board.

It's an old story, but once again the coaches have developed another great team which will supply good material to the varsity in 1951. In fact, New Trier has never had a poor team, because they follow the policy of sane training, loyalty, and sane living.

As Mr. Jackson so aptly put it, "It is traditional that New Trier swimmers and divers are loyal to their coaches and to their organization. They do not display jealousy over the success of their teammates and they know that if they do their best in practice as well as in a contest, the winning will take care of itself."

# G A A

This is NTCB bringing you the 1949-50 Sport Review directly from the news room of the Girls' Physical Education Department. It is very evident that this has been a most successful year for G.A.A. Under the supervision of Susie Knott, the president, the year got off to an excellent start, as there was a great turnout for the fall sports. Clare Butler, vice-president, was kept busy filing points and issuing awards. The secretary, Caryl Tucker, and treasurer, Nancy Grimm, did a fine job.

Of course it would be impossible for these four girls to run an organization as large as G.A.A. alone. The Executive Board carries a large part of this tremendous load. One of the most difficult jobs on the Board, that of Intramural Sports Chairman, was very well managed by Mary Lee Mitchell, who was indebted to Louise Drechsler. Louise pinch hit for her for a few weeks when Mary Lee was ill. All parties were arranged by Lucy Lowrey, Social Chairman, after the former chairman, Nancy Smith, moved away. The little jobs, here and there, were run by Martha Smith, Service Chairman, and the news about what's happening where, when, and why got around through the efforts of the Publicity Chairman, Pat Young. The lovely posters and bulletin boards were decorated under the direction of Art Chairman, Iris Ruther. Martha Reed, head of Officials, had a tremendous job keeping the whistles blowing at the right places and times. A large part of the work was done by the efficient committee members.

The fall season brought fine weather for the speedball, tennis, and hockey games. The senior hockey team thought they were pretty good until they met the Varsity Football team in a heartbreaking 3-0 defeat. The mid-season sports offered were volleyball, recreational games, and dance. In the winter the sports were basketball, tumbling, facts and figures, and ice skating. There was a great turnout for swimming all year long, not only for the class teams but also for the water ballet, which proved to be a great success. Baseball, lacrosse, archery, golf, and tennis were the spring activities for the enthusiastic G.A.A.'ers. Riders could also get their points. The various sport heads, class and advisor room managers were responsible for the efficient running of these sports.

A new system for membership was initiated this year. Under this program, freshmen who have seventy-five points by the end of the first semester are informally initiated at the winter banquet. However, they must earn an additional twenty-five points to become full fledged members. This enables them to enjoy the advantages of G.A.A. membership earlier.

As usual, the two banquets, in the winter and spring, were enjoyed by all who attended. In closing, we would like to say that an organization such as G.A.A. would be of very little importance if it weren't for the representatives, committee members, page girls, pool guards, officials, door guards, timers and scorers, and most of all the participants in the sports who contribute so much to this great organization.

## THE FRESHMAN CLASS

We now bring you the 1950 Review. Here is the story of the freshman class. This year's freshman class was very outstanding. Within two weeks after entering New Trier they had become very well established, and had their own special brand of elevator tickets to sell to the seniors! The freshman girls, also, got a big thrill out of making the upper class men carry their books during Friendly Week. These kids learned fast. They found out how to look like seniors merely by not carrying books or lending library permits.

Seriously, this class got right down to business and pitched into the school activities.

The boys entered into athletics with a fine spirit, and the girls flocked to G.A.A. with a great participation. They also had a chance to get into Girls' Club and Tri-Ship activities. At mid-semester they elected their own Council Representatives.

The class officers did a great job of leading the class in activities and in putting over the class party. They were president, Jim Smith; vice-president, Jay Porter; secretary, Gerrie Cooper; treasurer, Bruce Clinton. All observers predict that this year's freshman class will continue its good work and make great contributions to the school.

## THE SOPHOMORE CLASS

The sophomores started this school year with great enthusiasm. No longer freshmen, they breathed the exhilarating air of a higher level. We are happy to report that their enthusiasm lasted throughout the year, and that their exuberance lifted most of them over the notorious "sophomore slump."

First events of the year were the annual freshman-sophomore parties, in which the sophomore girls entertained their freshman little sisters at inter-adviser room parties. Individual sophomores entered vigorously into school activities and won places in Lagni-

appe, opera, sports, Girls' Club, Council, and Tri-Ship. A celebrity appeared in their midst when Elaine Donenburg, violinist, played a solo with the Indianapolis Symphony Orchestra in a Musicales sponsored concert.

The class officers, Andrew Adsit, Mary Hartray, Elizabeth McCollister, and John Ford, led the social representatives in planning and conducting a successful party in March.

The class has demonstrated its capacity and determination to make a good name for itself and the school.

# THE JUNIOR CLASS

In our review of 1950 we can't forget to mention the junior class. The class of '51 have done fine jobs in numerous positions around the school. Although seniors usually graduate with the idea that next year the school won't be able to get along without them, this year they have nothing to worry about. The junior class has shown through its terrific participation in sports, Council, music and drama productions, and all the other school activities that it has what it

takes to keep New Trier the same first rate school.

The class officers, Kay Lipscomb, John McKinnon, Jane Collins, and Forbes Taylor, deserve a lot of credit for the way they led the class in school activities throughout the year, and for the fine job they did organizing the Junior Prom. They and their committees made it one of the best in New Trier's history.

# TNT

Junior T.N.T. board consists of a minimum of 12 people, but each year this number has increased. This year there were 8 boys and 7 girls. They are chosen by secret ballot by the previous board after their records have been thoroughly examined. The Juniors are selected not so much from achievements, but because they show promise of becoming outstanding seniors next year. The number of people whose activities record is examined is at least twice as large as the number of those selected. There is no actual limit to the number of seniors. They are chosen for substantial participation in extra-curricular activities where a real service to the school is involved. All of the major activities of the school are represented in the final selection. Sponsors of clubs and the athletic coaches make specific recommendations as to the qualifications of their candidates. These recommendations are given careful consideration by the Election Board before the final selection is made. It is highly improbable that any eligible person can be entirely overlooked by this method of screening. Last year 40 boys and girls received this honor.

The class of '50 is really sorry to leave New Trier. The record of its four years at New Trier is unequalled in the number of honors and successes it has won. A deep feeling of class and school spirit has made it outstanding in every field it has entered. Led this year by Dave McNally, Mary Schneider,

Barbara Sittig, and Ralph Smith, and the members of the steering committee, the seniors had many memorable social events. The senior class regrets saying good-bye to New Trier, for each one of its members has pleasant memories of the good times had here.

ANNE E. MUELLER  
1932-1949

Anne was one of us, loved by all who knew her. In her memory some students have established a scholarship fund to be given to a member of the 1950 graduating class. Although after this year our class will be spread all over the country, we will really never be apart for her spirit will always be watching over and keeping us close together. With this in mind let us always remember to be as kind and generous to everyone as she was to us.

Be a good corn  
it's not

To a great guy that was  
fun in English.  
Volita
